

ECO 5m Flexible LED Strip (120 LED per Metre)

IP67 Outdoor

Product Code: PXSTRIP67C

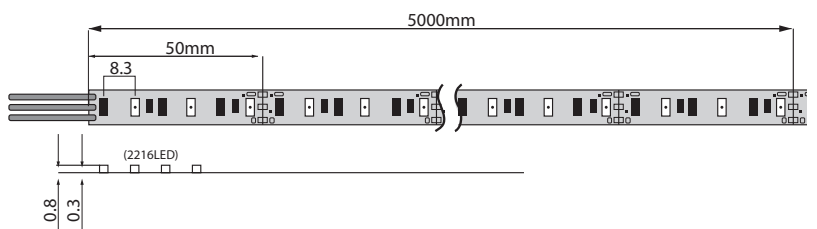

**Technical Specifications**

Model	Voltage	Power	Light Source	Lumen	Beam Angle	CCT	CRI	Dimensions
IP67	12V	9.6W/m	2216 SMD LED	6-8 per LED	120°	4000K	90-95	5m Trimmable Strip

**Driver Data Sheet**

Driver Data	Non-dim
Light Source	2216 SMD LED
No. of LEDs per Metre	120LED/m
PCB Width	8mm
Working Voltage	12V
Rated Current	800mA/m
Rated Power	9.6W/m
Radiance Angle	120°
Self Adhesive	3M Backing
Colour	Warm & Cool White
CRI	90-95
Lumen per LED	6-8lm
LED/m	120
Voltage	12V
Current	800mA
Power	9.6W
Driver Included	1 per 5m Strip
Trimable	50mm Intervals

Prelux ECO 5m LED strip is an extremely flexible and popular decorative or functional solution which can be placed almost anywhere to add a stunning lighting feature or merely to draw attention to an object or pathway. The strip comes complete with a driver and 3M self adhesive tape backing for ease of application.

Rated IP67 this model is suitable for outdoor use as well as damp indoor environments.

Due to its flexibility this lighting solution is immensely popular in most commercial and leisure premises including hotels, bars, restaurants, nightclubs, cinemas, and retail/shopping centres.
