

Task 20W 3000K Datasheet

2360-2600Lm LED Adjustable

PXTASK20W3K

Dimensions	310*138*145mm
Input Power	20W (±3%)
Lumens (±5%)	2360-2600
CCT	3000K (±150)
Input Voltage	198-264V 50/60Hz
Power Factor	0.96-0.99
Efficacy	108-130Lm/W
Colour Rendering Index	>82
Diffuser	3 Types Available*
Recommended Height	from 2.5 to 6 meters
Operating Temp	-10°C~+35°C
Storage Temp	-5°C~+50°C
Lifetime	L90B10 70,000h (Ta +25°C)
Mounting Options	Surface, suspended, 3-phase track
IP Rating	IP20
UGR Shades	Optional
Optional DALI	No
Certification	CE, RoHS
Warranty	5 Years

*DIA - Diamond light diffuser | FRO - Frosted light diffuser | CRS - Crosswise stripped light diffuser

Features & Applications

Task adjustable linear fitting offers an ideal solution for retailers with the ability to adjust two parallel linear strips of light at different angles, focusing them independently on opposite sides of the supermarket aisle.

Task is available up to 15,600Lm with a choice of three diffusers and can be either surface/track mounted or suspended.
